## Wall bracket for battery chargers

Type VAS 5900A and VAS 5906

# The ideal working tool

for workstations, lifting platforms and diagnostic spaces

Rugged wall bracket for the battery charger types VAS 5900A and VAS 5906. The charger is clicked by a spring mechanism into the bracket and is solved with two ergonomic handles out of the bracket. Thereby a leading edge prevents that the device unintentionally slip down from the bracket. An ideal working tool for workstations, lifting platforms and diagnostic spaces.

## Included items & technical specifications

- Wall bracket powder coated steel with plastic handles
- Dimensions: 250 x 80 x 170 mm (L x D x H)
- Weight: 200 g

## Guarantee

24 months

## Manufacturer

akkuteam Energietechnik GmbH

## Order number

ASE is not awarded
